The only required course for gr. 12 is ENG 621 or ENG 671

The other courses you take must help you fulfill graduation requirements and admissions requirements for post-secondary school

### Notes:

- Courses should be listed in order of importance- for example, all required courses for gr. 12 should be at the top, and electives should be listed at the bottom. Required courses for gr 12 are indicated above.
- When choosing your grade 12 courses you must keep in mind high school graduation requirements: *3 English courses at each level, 2 maths, 2 sciences, 2 social studies (1 must be a Canadian content), CEO 401, PED 401, 1 creative credit. Plus, you MUST have 5 credits at the grade 12 level (621 or 801), one has to be ENG 621 or ENG 671. Overall, you need a minimum of 20 credits.*
- You must also take into consideration what the admission requirements are for the post-secondary program of your choice. Just because you have the requirements to graduate, **DOES NOT** mean you have the requirements for university or college. Check the post-secondary school's website for this information
- \*\* if you are registering for a course that is 2 credits (course code ends in a 2) you will only fill in 7 courses to make 8 credits
- \*\* if you are registering for a trades course you must choose 2 such as CAR 801A and CAR 801B
- If you are an ADP student please remember you need 1 agriscience class and a co-op course in an agriculture field
- Please choose 2 alternate courses- ones you could take if you weren't able to get into one of your courses in your registration
- Some options for elective courses/ alternate courses include: *Other science courses, Other social studies courses, Flexible learning options such as ISC 521 or CMP 521, Arts based courses like MUS 621/801 or DES 701, CWS 601 or 602, Trades courses, CUL 801B, LED 621 (Leadership), ACC 621, PHP 601, RES 601, PED 801 or Transitions 602 at Holland College (depending on course pre-selection happening Wednesday, March 24)*
